

Start shopping now in a few easy steps

Step 1: Find Your School

Start at landsend.com/myschool or scan QR Code

Find your school's dress code by school number if available, or enter the school's name and location in the fields provided.

Step 2: Sign In To Your Account

Sign into your account or shop as a guest. We recommend setting up an account to save all of your preferences for the future shopping.

Step 3: View Approved Clothing

All items shown are part of your custom approved dress code.

If you need more guidance, you can select "Show Checklist" at the lower right of your school's info banner. This is a complete shoppable list of all approved items in your school's dress code.

Step 4: Finding the Right Size & Fit

We understand how important it is to find the right size and fit. The TrueFit online fit tool makes it easy by matching other retailers' sizes with Lands' End.

We also provide an online fit guide and measurement videos to help your student get a comfortable fit.

Step 5: Start Shopping

Choose size, color and logo options if your school has an approved logo and add it to your bag.

To return to your approved dress code, select your student's name in the upper left corner.

Step 6: Review & Check Out

Repeat these steps for each child, and proceed to checkout. Review the items in your shopping bag, and complete your purchase.
